One last thing. Since I'm out of the office from tomorrow thru the 16th, I've asked Tierra to submit their Feb meeting slides to Dave when they are finished with them next week so he can review them and compile them with his CIP presentation. They are OK with the time allotment and the topics. They will also be revising the large figure handout to reflect the change of design. They are OK with March's meeting as well.

I'm not sure if you all feel the need for a webinar for the Feb meeting or not, but if you do please contact Tierra, Dave and Ella to work out dates for that. I could participate if it was the 16th, but I realize that's a bit late. I know Dave's rather swamped too, so maybe it's worth skipping this time around? Up to you. Thanks again and I will get you my thoughts on the revised schedule by COB today.

Take care!

Elizabeth
